Describe your symptoms in detail:

I've been experiencing chest pain for the last three days.

Duration of symptoms:

1-3 days

Severity (1-10):

Analyze Symptoms

Analysis Results

Based on the symptoms you've described:

- Chest pain requires immediate medical attention to rule out cardiac issues.

 This is for informational purposes only. Please consult a healthcare professional for proper diagnosis.

Recommendations

 **URGENT:** These symptoms may require immediate medical attention. Please contact emergency services or visit the nearest emergency room.

Healthcare Chat Assistant

You: What foods should I avoid with diabetes?

HealthAI: With diabetes, it's important to avoid refined sugars, processed foods, white bread, sugary drinks, and high-fat meats. Focus on vegetables, lean proteins, whole grains, and monitor portion sizes.
